

The New Fall Dress Goods and Silks Are Now Ready

Those who must make early preparations for new fall clothes will find that their needs can be supplied here in a wonderfully satisfactory way.

The new woollens alone are constituting one of the most attractive exhibits this store has ever had at any season of the year.

The new weaves in fashion are represented by several pieces, a variety that is especially broad and comprehensive, including fabrics that are right for every or any occasion. It is a season of new weaves and a revival of many rough effects that are always remarkably pleasing when the fashions are such as to permit their use.

At the Dreamland to-day, "The Colonel's Error" (Kalem). A thrilling story of Indian fighting on the frontier. One acquires a clearer comprehension of what it once meant to live on the frontier, and one is more ready than before to offer respect to the men who fought the battles that made the westward advance of civilization possible.
